

Covid-19

Due to the global travel restrictions and uncertainty caused by the COVID-19 pandemic.

GROUP – TRAVEL SAFE GUIDELINES

At MO ADVENTURES we are closely monitoring government policy changes, Centers for Disease Control (CDC) guidelines, government mandates, and public health advancements and will continue to make changes as deemed necessary and appropriate to our protocols and procedures. Therefore, the information contained in this document is subject to change at any time. Compliance with all posted and below policies and protocols will be required to participate in a tour and applies to all guests.

Employee & Guest Health: The health and safety of our employees and guests is our number one priority. Our employees have been given clear instructions on how to respond swiftly and report all presumed cases of COVID-19. We will be ready to provide support for our guests. Employees are instructed to stay home if they do not feel well and are instructed to contact management if a guest has a cough, shortness of breath, or other known symptoms of COVID-19. Guests who are exhibiting any of the symptoms of COVID-19 while on tour are instructed to immediately notify their tour guide.

Physical Distancing: Should a person on an adventure have symptoms of COVID-19, guests will be advised to practice physical distancing by standing at least six feet away from other groups of people. Employees and guests will be reminded to refrain from touching their faces and to practice physical distancing whenever possible. Tour guides have been instructed not to handle guest's cameras.

Before the Tour Begins: At the beginning of each tour, all guests and guide will be asked if they have been exposed or if they are experiencing any signs/symptoms of COVID-19.

Hand Sanitizer: Hand sanitizer will be readily available and free for guests to use throughout their tour.

Vehicles: All tour vehicles will be sanitized before and throughout the tour.

Disposable Face Masks: It is highly encouraged to bring your own hand sanitizer and face covering, and to wear your face covering while traveling. If you forget your mask, one may be available for you while stocks last. Please note that some parks and states are always updating regulations of the public wear face

coverings when in public. Since these mandates are continuously being updated, we encourage you to come prepared.

Lodging Accommodations: All hotels and campgrounds follow sanitization protocols and procedures according to the area/city/state/country guidelines.
